Travel Tips from the US to Canada

Make certain that your passport is up-to-date. You may enter Canada with other forms of identification. However, you will need a valid US passport to return to the US.

Saskatchewan is geographically in the Mountain Time Zone but practices Central Time, effectively having daylight saving time all year long.

Canada has the same electrical system (110 volts) as the US--no need for adapters unless traveling from another country--recommended to bring your adapter.

Travelers may wish to obtain Canadian dollars prior to arriving in Regina. Using a credit card incurs international charges. Many banks and credit unions can get Canadian currency within a few days notice for a nominal fee. Currency exchanges are found in many major airports.

Typically the high temperatures in late July are in the high 70's (26 celsius) and the lows in the lower 50's (12 celsius).

Pre-conference leadership training

Incoming state organization presidents and executive secretaries (Monday 6:30PM - 9:00PM; Tuesday 8:30AM - 9:00PM; Wednesday 8:30AM - 3:30PM)

Membership and Education Excellence Committee (Wednesday 8:30AM - 3:30PM)

Editors (Wednesday 8:30AM - 11:30AM)

Webmasters; Treasurers (Wednesday 12:30PM - 3:30PM)

Invitation Numerous DKG members signed sheets to be volunteers at the 2015 NW Regional Conference--thanks and you will be contacted to help for a few hours during the week.

Today I am requesting volunteers to be presidors at breakout sessions. You pick up a packet, distribute and collect session evaluations, introduce the presenter/s (script included) and return the completed packet to the registration area.

Send me an email if you want to serve DKG in this way.

RSVP requested
